

KPZ 71-9 / Palletweigher / OIML Class III M

Standard capacity: 2.200 kg Div. 500g / accuracy 0,05% on the weighing
 Weights&measures | powder coating RAL 5002 | good value for money | solid

Large LCD display 30 mm high
 Display backlight
 Large operating keys
 Easy to operate
 Large battery capacity
 Battery : ca.60 hours operating time
 Immediately ready for weighing

German design and own EU production guarantees high quality.

Mobile weighing Saved working time / simply use, take the Palletweigher, drive directly under the pallet or load, pump up, weighing and drive the load to the point of use.

Construction: high quality, for industrial use, solid and stable steel construction. Powder painted blue colour (RAL 5002), welded drawbar, robust forks. Safe, proven in industrial use hydraulics. Large rubber steering wheels Ø 200mm and polyurethan-tandem rolls. Wheels suspension guarantees stability and movement fluency, built in lubrication grease nipples guarantee long operating life of all movable construction parts. Indicator described below is built in a robust steel housing on height comfortable for operator. **Certification:** non approved version and EU type approved version for retail use, CE – conform.

Standard indicator: non approval version:

KPZ 52-19
 (Details and options for Indicator see data sheet)

Standard indicator: approval version:

KPZ 52E-7 (Details and options for Indicator see data sheet)

Power supply : 6V battery, operating time up to 60 hours. Charger included.

Load cells:

High quality load cells KPZ 502E-3, IP 68, OIML C3; EC approval possible
